

A Name Twice Made Famous, Now a Shining Mark for Imitators.

The name "Chase," twice made famous, is a shining mark for the unscrupulous to pounce upon and appropriate in order to foist upon the public their worthless preparations. These birds of prey, by using the name Chase, expect the public to be fooled into believing they are the medicines of Dr. A. W. Chase, who first became noted as the author of the world famous Dr. Chase's Kidney Pills, and whose name is now recognized as infallible for building up pale, weak, thin-blooded, nerve exhausted sufferers.

They imitate, but dare not counterfeit the portrait and signature of Dr. A. W. Chase, which identifies the Nerve Pills now recognized as infallible for building up pale, weak, thin-blooded, nerve exhausted sufferers.

OUT OF BUSINESS

Piratical Haytian Vessel Is Sent to Bottom By German Gunboat.

AN ACT OF REPRISAL

The Crete-a-Pierrot, the Navy of the Firmist Party, Acted Out of Her Commission.

She Boarded a German Steamer, Was Declared a Pirate and Promptly Shelled.

Cape Haytien, Hayti, Sept. 8.—The gunboat Crete-a-Pierrot, which was in the service of the Firmist party, has been sunk at the entrance of the harbor of Gonaves by the German gunboat Panther. The crew of the Crete-a-Pierrot left her before she went down.

The German gunboat Panther arrived here Sept. 5 and received instructions from the German government to capture the Firmist gunboat Crete-a-Pierrot. She left immediately for Gonaves, the seat of the Firmist government. The Panther found the Crete-a-Pierrot in the harbor of Gonaves, and the commander of the German gunboat informed Admiral Killick on the Crete-a-Pierrot that he must remove his crew and surrender his vessel in five minutes. Admiral Killick asked that this time be extended to 15 minutes. The request was granted on the condition that the arms and ammunition on board the Crete-a-Pierrot should be abandoned when the crew left her.

The crew of the Crete-a-Pierrot left that vessel amid great disorder. At the end of 15 minutes the Panther sent a small boat carrying an officer and 20 sailors, who were to take possession of the Firmist's gunboat. When these men had arrived at a point about 30 yards from the Crete-a-Pierrot, flames were seen to break out on board of her. She had been fired by her crew before they left her. The Panther then fired on the Crete-a-Pierrot until she was completely immersed. Thirty shots all told were fired. There is some feeling here against the Firmists, and their cause is considered to be a bad one. Soldiers are leaving here to attack St. Marc. Port au Prince is calm.

Why It Was Done.

The German gunboat Panther arrived at Port au Prince Sept. 5. It was announced from Cape Haytien Sept. 3 that the German steamer Markomannia, Capt. Nansen, belonging to the Hamburg-American Packet company, having on board arms and ammunition sent by the provisional government to Cape Haytien, had been stopped Sept. 2 by the Firmist gunboat Crete-a-Pierrot at the entrance to the harbor of Cape Haytien and that an armed force sent on board the steamer from the gunboat took possession of the war munitions in spite of the protestations of Capt. Nansen and the German consul.

The seizure of the Markomannia has been characterized as an act of piracy. But a dispatch from Berlin to the Associated Press, dated Sept. 6, said German government circles did not take a tragic view of the seizure of the German vessel, but that satisfaction would be demanded. The foreign office agrees with the view held by the foreign representatives at Port au Prince, said the dispatch, that the action of the Crete-a-Pierrot was piracy, but it was not then known whether satisfaction would be demanded from Gen. Firmist or whether the result of the revolution in Hayti would be awaited.

The Crete-a-Pierrot was a steel screw vessel of 950 tons displacement. She was armed with one 6.2 inch gun, one 4.7 inch, four 3.9 inch, two Maxim machine guns and four Nordenfeld machine guns. The Crete-a-Pierrot was formerly in the service of the Haytian government, and Admiral Killick was commander of the Haytien fleet. June 27 of this year Admiral Killick disembarked troops from the Crete-a-Pierrot to support Gen. Firmist, ex-Haytian minister at Paris and one of the candidates for the presidency of the republic, and after refusing to recognize the constituted authorities he threatened to bombard Cape Haytien. The consular corps protested against such action being taken, but their efforts failed of success, for a few days after the admiral did bombard Cape Haytien, although little damage was done by the Crete-a-Pierrot's fire. Since June 27 the Crete-a-Pierrot has been operating in the interests of Gen. Firmist. The Haytian government disavowed the action of Admiral Killick in bombarding Cape Haytien and ordered his arrest.

The present revolution in Hayti started in the month of April of this year, and Gen. Tiresias Simon Sam, president of the Haytian republic, resigned his office and left the island in May. For the last two months American interests in Hayti have been looked after by the United States gunboat Machias, Commander McCrea. It recently developed that at least six European nations have confided the protection of their interests in Hayti wholly to the United States navy force in Haytian waters. Admiral

Killick recently declared Cape Haytien to be blockaded, but this blockade was declared to be inefficient and was abandoned by the admiral after Commander McCrea had made certain representations to him concerning it.

NOT COMPLICATED

International Amenities Will Not Be Disturbed By It.

Manchester, Mass., Sept. 8.—Count Quadt Wykradt Isny of the German embassy was seen last night in relation to the sinking of the gunboat Crete-a-Pierrot by the German gunboat Panther. He said that he had not before heard of the incident and for this reason was not prepared to make any statement. He did say, however, "I have given the matter little thought, as it is entirely outside of this country and for that reason I do not expect to receive advices concerning it from my government. I feel quite sure and perfectly safe in saying that no international complications will arise with this country. This is all I care to say in regard to the affair."

ADDRESSES FIREMEN

President Attends Locomotive Firemen's Convention.

Chattanooga, Tenn., Sept. 8.—President Roosevelt was the guest Sunday of the citizens of Chattanooga and right royally they entertained him. He came to Chattanooga primarily to attend the national convention of the Brotherhood of Locomotive Firemen, and today is the guest of the railroad men, but Sunday Chattanooga as a whole entertained him. From early morning until late in the evening he was driven from one historic place to another, and the details of the battles that have made this city famous were explained to him by men who were participants in the struggles. The battlefields of Chickamauga, Missionary Ridge, Orchard Knob and Lookout Mountain were driven over. Last night he attended the first Baptist church, of which Rev. J. W. Broucher is the pastor.

The president today addressed the convention of the Brotherhood of Locomotive Firemen and also the citizens of Chattanooga from a stand erected near the courthouse. He will leave this afternoon for Knoxville, where all details have been completed for his visit. The programme at Knoxville is short, owing to the president's limited stay. Immediately upon arrival at 5 p. m. he will be met by the local reception committee and escorted by the local battalion of the Sixth regiment troops to the woman's building on Main avenue, where he will deliver an address. A carriage drive to points of interest will follow.

A BITTER WAR

Churchmen Fight Kansas City Disorderly Houses.

Kansas City, Sept. 8.—As a result of a raid on a disorderly resort in Kansas City, Kas., Saturday night by a dozen churchmen, during which one man was shot and stabbed and another seriously hurt, a bitter war between the churches and the proprietors of disorderly houses has been started. A mass meeting of 500 church people was held in the Washington Street Methodist church Sunday, at which a fund of \$500 was raised with which to begin a crusade against houses. The churchmen, who were arrested by the police Saturday night, were refused bail until a committee from the mass meeting Sunday waited upon County Attorney Enright and prevailed upon him to arraign the men that they might be released. Andrew Mathey, proprietor of the raided place, fearing more trouble, has gone to the Missouri side of the line. The county attorney has assured the church people that he will close the pesthouse. Paul W. Radamaker, who was shot and stabbed, is in a precarious condition.

Terre Haute Negro Makes Deadly Attack On Employer and Wife.

WITHOUT KNOWN CAUSE

Thomas Burke Is Dead From Knife Wounds and His Wife In a Critical Condition.

Negro Man Servant Steals Upon Them at Midnight While They Were Asleep.

Terre Haute, Ind., Sept. 8.—Thomas Burke lies dead at his home, 814 Mulberry street, with his head almost completely severed from his body, while his wife is in a dangerous condition from either knife or razor wounds inflicted by Matthew Alexander, a colored man, who has been employed around the house for the past five years. Alexander entered the room in which Mrs. Burke was sleeping with her 13-year-old daughter at midnight, while her husband lay asleep on a couch on the other side of the room. Mrs. Burke was awakened by feeling the keen edge of a sharp instrument drawn across her cheek, and her screams aroused her husband. Burke rushed to the rescue of his wife, but he was only partially awake when slashed across the neck and face by the negro. When Burke fell dying upon the floor, the negro rushed out of a side door, but attempted to re-enter the room after the door was bolted by Mrs. Burke. Burke died almost instantly. No cause is known for the tragedy, as Alexander had been well treated and trusted by the family. The negro has not been captured.

LOOKING IN TO IT

Treasurer Rose's Bondsmen Hard at Work.

Wabash, Ind., Sept. 8.—The sum of \$10,341 remaining in the bank to the credit of John B. Rose, as treasurer of the city of Wabash, has been transferred to the new treasurer, Samuel A. Brown. Mr. Brown has already taken possession of the books and papers, and the bondsmen will this week have a thorough investigation of the accounts of Rose from the time he entered office until he absconded, with a view of ascertaining the exact amount of the shortage, and making settlement, realizing on the property of the missing official at the earliest moment. A trifling error was found to the credit of Rose, by which the shortage as now learned is reduced to \$10,954. It is thought likely that other errors may develop which will bring the amount to \$10,000. A report was in circulation that Rose's body had been found near this city, but the story was baseless. Rose was last seen at Peru.

He Will Have to Answer.

DRAWING ALONG

The Coal Strike Has Entered Upon Its Seventeenth Week.

Philadelphia, Sept. 8.—The anthracite mine workers' strike enters upon its 18th week today, with the lines between the operator and the mine owner drawn almost as tightly as when the suspension was inaugurated on May 12. There were many predictions that the contest would be over by the first week in September, but if the officials of the mine workers' union are to be believed the struggle will continue for months unless the coal companies grant concessions. Some of the operators looked for a serious break in the ranks of the men weeks ago, and admit they are surprised at the way the strikers are holding out. Rumors are current, and, in fact, statements have been made by prominent men both in and out of the coal trade that the strike will be ended this month. President Mitchell of the union maintains he knows nothing of a possible ending of the trouble and says he knows nothing of any negotiations on foot looking to that end. The only movement now in contemplation is the suggestion that Governor Stone call an extra session of the legislature for the purpose of passing a law that would have the effect of amicably and speedily ending the deadlock. Governor Stone has given the matter considerable thought, and has announced that if a bill can be framed that will have the desired effect he will immediately convene the legislature.

The number of men at work throughout the entire anthracite territory is difficult to obtain. It is safe to say, however, that the number, compared with the total number of workers (estimated at 145,000), is small and that among those at work the certificate miners are few. Coal is being cut in some of the mines, but as far as can be learned much of it is being done by "bosses." The coal companies say they have long lists of names of men who are ready to return to work, but who are unwilling to take the chance because they fear violence. With the coming of cooler weather the companies look for a break, believing that the relief now coming to the mine workers will not hold out long and that they will be compelled to return to prepare for the winter, which is usually a rigorous one in the mountain regions.

DAY'S BAD RECORD

Five Weeks in One Day On a Single Division.

Altoona, Pa., Sept. 8.—Five freight wrecks occurred Sunday between Johnstown and Harrisburg on the Pennsylvania railroad system. The first occurred at 2 o'clock in the morning, and was caused by a runaway freight train crashing into another freight train at McGarvey's station, three miles west of Altoona. Ten cars and the locomotive of the runaway train were derailed. Fireman W. G. Allison broke his left arm jumping from the engine, and no one else was hurt.

A short time later a freight train on the Cresson & Clearfield road parted near Frugality and the two sections coming together again with great force several cars were wrecked. Brakeman J. E. Outchall was taken from under the cars dead and Brakeman C. E. Steele died on his way to the hospital. Later there was a wreck at Port Royal caused by a burned journal. Nine cars loaded with valuable merchandise were destroyed. Shortly afterward there was a wreck at Millerstown and five loaded cars were broken to pieces, the result of a broken wheel. Another wreck occurred at Ryde and several cars were broken up.

SEARCH IS ENDED

William Bartholin Is Now Beyond Vengeance of Earthly Law.

GAVE UP THE STRUGGLE

Chicago Self-Confessed Double Murderer Ends His Miserable Life In An Iowa Field.

Note Found On the Body Raves of His Deeds and Shields Others From Blame.

Riceville, Ia., Sept. 8.—The body which was buried here Saturday morning and which was believed to be that of William Bartholin, was exhumed Sunday and positively identified as that of the Chicago double murderer.

The identification was made by William Mitchell, a brother of Bartholin's murdered sweetheart, and Lieut. Andrew Rohan of Chicago, who arrived here Sunday morning from Chicago. Dr. A. Coyne of Chicago, Bartholin's dentist, who came here with Lieut. Rohan, cut out the lower jaw of the dead murderer, which contained the two gold crowned teeth which have figured so largely in the description sent broadcast throughout the country for purposes of identification. The jaw will be taken to Chicago.

Bartholin's body was found last Friday about six miles from Riceville by J. G. Pratt of Riceville. Pratt was driving to Elma, and when passing a flag field saw the body lying against a stack of flax. Thinking it was a man asleep he paid no attention at first, but on returning he found the man still there and upon investigation discovered that he was dead. A revolver was lying near his left hand.

Coroner T. S. Carpenter was notified and the body was removed to an undertaking establishment at Riceville. There J. B. McCook, editor of a Riceville paper, discovered that the dead man bore a striking resemblance to the published pictures of the Chicago murderer.

It transpires that Bartholin came to Riceville Aug. 6, before the bodies of his victims, Mrs. Bartholin, his mother, and Miss Mitchell, his sweetheart, were discovered. Thomas Phee, a contractor doing work here for the Great Western road, advertised in Chicago for laborers on Aug. 9, offering free transportation to the place of work. Among those who responded was Bartholin. He hired out under the name of George Edwards. After reaching Iowa he worked with the construction gang for half a day and then went to work with a threshing machine and in the harvest fields. A week ago yesterday he left Riceville and went in the direction of the place where his body was found. That was the last seen of him here.

In the pocket of the man's coat was a letter confessing the murder of two women in Chicago. Letters signed "Minnie Mitchell," the name of Bartholin's murdered fiancée, also were found in the suicide's pockets. Nothing was said of the death of his mother, Mrs. Anna Bartholin, who was found buried in the basement of the residence at 4310 Calumet avenue, nearly three weeks after the son had fled. Neither was any direct reference made to Minnie Mitchell. The letter simply said "two women" had been murdered.

The note found on the body referred to the two murders in Chicago, and declared that no one except the writer was concerned in the commission of the crimes. The note filled one and a quarter pages of ordinary letter paper and was signed "William Bartholin." The letters found on the body were written two years ago, and were signed "M. M." The initials are supposed to stand for Minnie Mitchell.

The text of the confession left by the suicide, as made public by Dr. T. E. Carpenter, coroner of Howard county, follows:

"To whom it may concern—I want to state I am the Bartholin the police are looking for. Also wish to certify I had no assistance of any kind from any one. Thompson, Claffy and Counsellman are all as innocent as an unborn child and should be freed at once. I cannot go into details in regard to the crimes. They were not planned. It was all Minnie and I could do. My mind is wandering, such a drop in life in a short time. Two months ago traveling in the best of company; today living the life of hoboes; a murderer.

"I intended to go into details and tell all, but I cannot get my mind centered. Even my handwriting is disgraceful.

"But above all things, I ask to clear everybody from under suspicion. There is no second party. I am the last.

"W. J. BARTHOLIN."

Overtures Rejected.

Manila, Sept. 8.—Capt. J. J. Pereshing, who is in command of the American force at Camp Vicars, Island of Mindanao, reports to Gen. Chaffee that several of the Moro chiefs whose followers have attacked American soldiers have rejected all friendly overtures and that he has been unable to reach any understanding with them. The breaking of negotiations with the Moros, Capt. Pereshing reports, will probably bring on a crisis in the Moro situation.

GOOD COMBINATION

Marion Club Going In For Athletics and Politics.

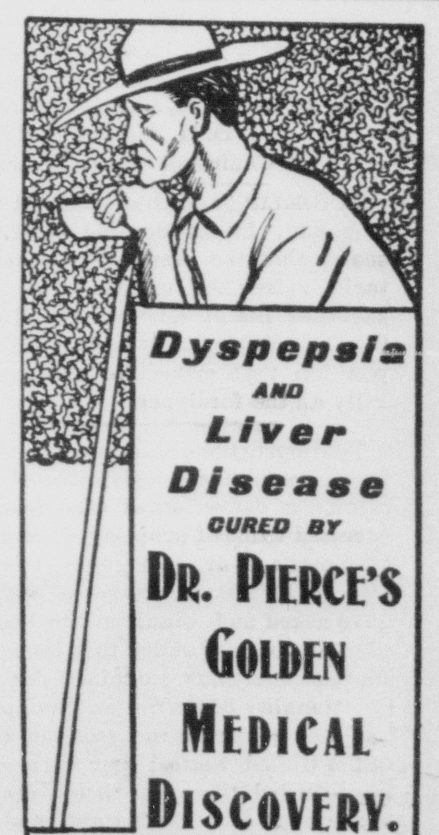

Indianapolis, Sept. 8.—The jubilee celebration of the Marion club Saturday night attracted a large crowd. It was a love feast, in which several hundred party workers participated. The guests of honor were Senator Fairbanks and some of the candidates on the state ticket. The entire evening passed with a vim that characterizes Marion club entertainments. The speech making was received with enthusiasm, while the vaudeville feature was given a generous reception. But the most enjoyable thing with the club men was the fact that it was the celebration of the removal of the last indebtedness from their property. This club is one of the most prosperous in the country. It has a fine building in North Meridian street that is the "hang-out" every night for many party men. Plans are now being considered for a still handsomer and more commodious building, and it is probable that within two years the plans will be carried out. A sinking fund has been established, and as soon as there is a \$10,000 nest egg the construction of a new \$50,000 building will be commenced. The club now has a membership of nearly 1,000 young men. The new clubhouse is to be devoted to athletics and politics. One of the finest gymnasiums in the country will be established. It is believed that this will be of great help in keeping the young voters in line with the party. The club is getting ready for the opening of the campaign, when Senator Hanna will be present. Five hundred members will be his escort to and from the place of meeting.

Senator Beveridge, who has been resting in the wilds of California, will start east this week, but he will not arrive until about the 15th or 18th, as he will make a number of speeches en route. He has received many invitations to deliver speeches in other states, but he is going to give nearly all his time to Indiana. Senator Fairbanks speaks at Portland Wednesday, and has two or three other engagements this week. The senator is receiving letters of congratulations from all parts of the country on his Labor day speech delivered at Kansas City last Monday. It was used in nearly every paper in the country and favorably commented on. Ten thousand copies are being printed now for distribution in this state.

This has been a year of record-breaking conventions with the Democrats of Marion county. They hold the "low mark" for time of transacting business. They met one day last spring with Hancock county and nominated a candidate for joint representative in three minutes. Saturday they nominated a candidate for joint senator with Morgan county in seven minutes. Their state convention was in session less than five hours—probably the time record of the country for the year.

Latest Swindling Game.

Valparaiso, Ind., Sept. 8.—Two well-dressed strangers visited the farmhouse of William L. A. Peterson, in this county, and represented themselves as installing a system of rural electric lighting plants. They exhibited to him a small electric battery with a lamp attachment and finally appointed him local representative with a free light plant and a salary. They then induced him to sign an agreement and a bond and left. The papers have turned up, one as a signed order for the purchase of 10 battery lamps at \$75 each and the other as a note for \$200 to be credited on the former purchase. They sold the note and cannot be found. Peterson and his wife claim that they were hypnotized by the swindlers.

Dyspepsia AND Liver Disease CURED BY DR. PIERCE'S GOLDEN MEDICAL DISCOVERY.

"I was weak, nervous and dizzy, with a fainting sensation when walking," writes Jesse Childress, Esq., of Samuel, Sullivan Co., Tenn. "I could not walk any distance, always felt bad after eating; felt as though something was sticking in my throat, always uneasiness in stomach. Doctored with three physicians but they did not relieve me. I grew worse and used everything I could think of; was nearly ready to give up and then some one told me that Dr. Pierce's medicine was good, so I began taking his Golden Medical Discovery. I have taken seven bottles of that now and am as stout as ever, and enjoying health as much as ever before. I worked all summer and this winter as much as any one. My case was liver disease and nervous dyspepsia of which your medicine has cured me. In September 1899 my weight was about 95 pounds, now it is 135. Please accept my sincere thanks."

IN BERLIN good beef costs 44 cents a pound, in London 50 cents. It seems that the American protective tariff raises the prices of the necessities of life in Europe as well as in the United States. It is an awful imposition that protective tariff, especially on the foreigner.

THE mortgage deduction law passed by the republican legislature of 1899, allows a deduction of \$700 from the assessed value of property, on account of mortgage or mortgages thereon. Nearly 100,000 taxpayers of Indiana have asked and obtained the benefits of a deduction under this law. The supreme court has sustained the constitutionality of the act and an appeal has been taken to the supreme court of the United States; but the act will be defended there, as it has been in the supreme court of Indiana, and has been all the way through, by the state through Attorney General William L. Taylor. The republican party believes that if the man who holds a note secured by a mortgage can have a deduction from such note on account of his debts, then the man who owes such debt certainly ought to have a deduction on account of such mortgage.

Miss Lizzie Acker returned from Indianapolis Sunday.

Mrs. Amanda Clayton, of Louisville, is the guest of her daughter, Mrs. G. F. Porey.

Disturbances.

Saturday night "Stumpy" Reeves and Scott Austin while intoxicated began paying doubtful compliments to each other. Reeves drew a razor and went for Austin. He slashed him a few times and the blood flowed quite freely. Though Austin was not dangerously hurt, according to reports, Reeves seemed to believe that he would feel safer out of town so he left and has not showed up since. Austin was here Sunday morning but during the day he shook the Seymour dust off his feet and left.

Sunday night Dan Green undertook to regulate Anthony Meyers in a manner not sanctioned by the laws of the state and Policeman Reddinger ran him in. He gave bond for his appearance for trial.

Browns vs. Reds.

A very interesting game of ball is being played at the ball park this afternoon and a good crowd is present to witness it. The opposing clubs are the once famous Seymour Browns and the present amateur champions of Southern Indiana, the Seymour Reds. This may be the last game of the season on the local grounds.

As we go to press the score stood 11 to 10 in favor of the Reds.

Took the Third Too.

The Seymour Reds made it three straight with the West Baden club this time. They won the Saturday's game as easily as they won those on Thursday and Friday. Score six to four. The Reds played mighty good ball this time at West Baden and proved to the boys there that there is at least one club in southern Indiana that can claim championship over them.

Want no Change.

The quarterly conference of the First M. E. church of this city has unanimously requested the return of Rev. J. M. Baxter as presiding elder for the Seymour district for the fourth year. Rev. Baxter is a very faithful and efficient presiding elder and has done splendid work for the district.

Freight Wreck.

The east bound local freight, No. 30, was wrecked at Osgood at noon today. Several cars were derailed and the property damage will amount to considerable. The Seymour wrecking crew was called to Osgood to clear the track.

Christian Church Meeting.

The annual meeting of the Christian churches of Jackson county at Cortland Sunday was largely attended and full of interest. There were people present from all parts of the county and the good people of Cortland and vicinity gave them a hearty reception.

SCHOOL KEEPS AGAIN.

And Teachers, Pupils and Patrons are Pleased

The schools of Seymour were opened for the fall and winter terms, this morning, with a large attendance in all the departments, and all the conditions and surroundings very favorable. Nearly all of the teachers have been absent during the vacation engaged in study and recreation, and each has returned with renewed strength and zeal for the work. Only a few are new to this particular work and all have had practical experience and special training. Miss Sandau, who is employed as substitute during the convalescence of Miss Sarah Marsh, one of the "old guard", will be general assistant during the remainder of the term.

All the pupils appeared bright, eager, willing and ready for duty and, altogether, no previous opening day has given better promise of the success for which our schools—under the able and clever management of Superintendent H. C. Montgomery—are noted, and of which we are all proud.

TEACHERS AND ENROLLMENT.

At the Shield's High School building, in the grades departments, the several teachers and the number enrolled and assigned to each is as follows:

No. 1, Miss Elva Keith 45
No. 2, Miss Edith Fleniken 40
No. 3, Miss Emma Alves 45
No. 4, Miss Dorothy Sandau 50
No. 5, Miss Bessie Thompson 41
No. 7, Miss Maggie Phelan 37
No. 8, Mrs. Laura Horst 39
No. 9, Miss Lenore Gasaway 46
Total 343

In the High School the instructors are: Miss Frances Branaman, Principal, and the Misses Kate Jackson, Anna Hancock, Ella Davidson and Ruth Cope, assistants. Miss Ida E. McDuff is continued as teacher of Music and Delsarte. In the High School, the total enrollment, this morning, was 147; subdivided as follows: Freshmen, 42; sub-Freshmen, 16; in the Assembly, 89.

PARK SCHOOL.

At the Park School building the total enrollment was 110, assigned to the several teachers as follows: Miss Maggie Brown, 20; Miss Amanda Baird, 24; Miss Clara Childs, 34; Miss Sadie Frey, 30.

LAUREL SCHOOL.

At the Laurel School building, 127 pupils in all were enrolled and these were assigned as follows to the several teachers: Miss Blanche Hoffman, 33; Miss Rose Barkman, 24; Mrs. Cora Leininger, 29; Miss Kate Vosbrink, 31.

At the Third Ward School building there was a total enrollment of 122 pupils assigned to the following teachers: Miss Maggie Schobert, 24; Miss Adelaide Miller, 36; Miss Mae Love, 32; Miss Amelia Reich, 31.

LYNN SCHOOL.

At the Lynn School building, Prof. D. W. Cain in charge, the enrollment was 27 pupils.

These rolls make a total of 885 which, increased by about twenty pupils who were admitted, this morning, but are as yet unassigned to grades, is equal to a total of 900 or more. This total will be increased by considerable additions tomorrow morning and later. As it stands it is a good beginning and very encouraging to teachers, parents and pupils.

SOUTH'S DISGRACE

Is Its Refusal to Enact Laws Against Child Labor.

FEARFUL RESULTS OF SYSTEM

Set Forth in an Article in the American Federationist—The Carolinas, Georgia, Alabama, Mississippi and Texas the Worst Offenders, While Northern States Have Led in the Matter of Reform Labor Legislation.

Irene Ashby-Macfayden has contributed to the American Federationist a strong article in which she sets forth the conditions prevailing in the Southern states as the result of the refusal of political leadership in these commonwealths to enact legislation for the protection of labor similar to those in force in almost every state north of the Mason and Dixon line. When it is remembered that this same political leadership controls nearly a hundred seats in the house of representatives and twenty more in the senate, all of them, practically, joining in and dominating by force of numbers the caucuses of one political party, it will be seen that the sentiment which dictates the refusal of Southern legislatures to wipe out the evils of an industrial feudalism little less oppressive than the system of human slavery, is one to be reckoned with in national as well as local politics.

Miss Macfayden says: "There are American children dragged into the mills when scarcely out of their babyhood, without education, without opportunity, being robbed of health morally and physically, forced to labor as in the days of negro slavery negro children were. With their baby hands these little slaves are undermining the liberties of the future, not only of the cotton operatives of the South, but of the American working people; not only of the working people, but of the community in which they for good or evil are to play so large a part."

"The Southern states of America," says Miss Macfayden, "are the only section of the world where the crime of infant labor is permitted, a crime which, if not quickly wiped out, will write itself large on economic and industrial history, to the everlasting shame of the people of America." Miss Macfayden estimates that 20,000 children under fourteen years of age are now employed in the textile mills of the South, and that 8,000 of these children are between the ages of six and twelve years."

To the horrified visitor the mills appear to be swarming with little children. "There being no laws regulating hours of labor, many children are employed at night. Miss Macfayden talked with a child not nine years old who at six years old had been on the night shift eleven months. She stood at 10:30 at night in a cotton mill in Columbia, S. C., where children who did not know their own ages were working from 8 p. m. to 6 a. m. without a moment for rest or food or a single cessation of the maddening racket of the machinery, in an atmosphere unsanitary and clouded with humidity."

"The physical, mental and moral effect of these long hours of toil and confinement on the children is indescribably sad." Dropsy and consumption result in hundreds of cases. In Huntsville, Ala., in January a child of eight years lost the index and middle fingers of her right hand, and a child of seven had lost her thumb a year previously. "In one mill city in the South a doctor told a friend that he had personally amputated more than a hundred babies' fingers mangled in the mill."

"No mill children look healthy," Miss Macfayden continues. "Anyone that does by chance, you are sure to find out has but recently begun work. They are characterized by extreme pallor and an aged, worn expression infinitely pitiful and incongruous in a child's face. The dull eyes raised by the little ones inured to toil before they ever learned to play, shut out by this damnable system of child slavery from liberty and the pursuit of happiness, often to be early robbed of life itself, are not those of a child, but of an imprisoned soul, and are filled, it always seems to me, with speechless reproach. There is unfortunately no question as to the physical debasement of the mill child."

"In the finest mill in Columbia, S. C., a magnificent example of splendid enterprise, I found a tiny girl of five years in the spinning room. Her little sunbonnet had fallen back onto her neck, and her fair hair was covered with the threads that had fallen on her head from the frame as she worked. She was helper to her sister. Neither child knew her age, but a girl of eight, standing near, told me they were seven and five and worked there all day long. A beautiful little child of eight, with hectic flush and great gray eyes, told me she 'hadn't worked but a year.'"

"All holidays are 'made up' in South Carolina. A strike occurred at one mill among some organized employees because they were required to make up Labor Day beforehand. They were locked out and starved into submission."

"In Alabama the children in the mills are required to work Thanksgiving Day."

"In Georgia a child missing Saturday—a short day—loses one-sixth of her week's wages."

"The wages paid these children bear out what I have said in regard to child labor keeping wages low. Many toll for 10 cents a day."

"Until there is a law which really keeps the child under twelve out of the factory, economic pressure will drive it in, notwithstanding all the sentimental remedies offered in the place of the one which in every other country has proved effectual."

It is the proud boast of our people that labor in America is better paid, better fed, better clothed, better housed, more ambitious, more intelligent, more public spirited, and consequently more happy and contented than the toilers of any other land beneath the sun. By organization and co-operation American workmen have been able to demand and to receive from capital a portion of the profits created by their own toil. They are bettering their condition as years come and go. I hope the time will soon come in this country when a man who toils will be able to earn, by working eight hours a day, enough wage to support himself and family with the necessities and comforts of life in his own happy home of peace and plenty and accumulate and lay aside sufficient money to support his old age and his loved ones after he is gone."—From Hon. George W. Cromer's speech on the Chinese exclusion bill in the house of representatives.

OUT WITH UNREASON
[From Senator Albert J. Beveridge's Speech on Conservatism, Chicago, Feb. 23rd, 1901.]

There is no place in this country for the absolutist of capital. There is no place in this country for the absolutist of riot. The bully of wealth shaking his clenched fist of gold, is wealth's worst enemy. The bully of labor

shouting denunciation, is labor's worst enemy. Let the wiser laborer elbow from his company, him of the flaming utterance and untruthful tongue. Let the wiser capitalists suppress their would-be czars. Out with the element of unreason in both camps, and the divided hosts will be one! Out with unreason everywhere in the republic! Let the spirit of Washington be monarch of the hearts and minds of men everywhere beneath the flag which Washington established.

Valuable Experience.

Block Island, R. I., Sept. 8.—The mimic war being over, the North Atlantic squadron, which mobilized here, after the maneuvers of the week, have separated to go to various stations. Before the Kearsarge left Rear Admiral Higginson said: "I regard the maneuvers as being most beneficial to the navy. We have been taught to know what to do under conditions of war, and our experience has been of almost incalculable value."

A Long Trip.

San Francisco, Sept. 8.—The transport Buford arrived here late Saturday night 41 days from Manila. The long trip was caused by her putting in at Honolulu on account of defective machinery. The Buford brings 900 men of the Eighth, Fifteenth and Twenty-sixth infantry and 96 sick.

Still at Large.

Dulow, W. Va., Sept. 8.—Rev. Morris Wilson, who Saturday morning killed his wife and escaped to Woodlands, is yet at large. The belief of many is that the aged parson has committed suicide, and searching parties are scouring the woodlands in the vicinity of his home at Genoa.

She Is Located.

Valparaiso, Ind., Sept. 8.—Authorities here have learned that Josephine Teller, the cousin of United States Senator Teller of Colorado, who came into prominence by escaping from a Jacksonville, Ill., insane asylum and eluding the officers here, is at Wheeling, W. Va.

Shocking Death.

Hartford City, Ind., Sept. 8.—Ora Harker fell into the rotary at the Paragon paper mill and was cooked alive. The rotary is used to cook straw by lime and other chemicals.

A Pioneer Lady.

Aunt Letty Ann Brown, mother of
Elias D. and George R. Brown, who
was recently visiting in this city, is
indeed one of the pioneer residents of
Jackson county. She has probably
had a longer continuous residence in
the county than any other person now
living. She was born at Newtown,
now a part of Cincinnati, August 24,
1815. Her father, Elias Day, moved
to the old Day homestead in Hamilton
township with his family in 1818 and
she has lived continuously in the same
township except two years when she
lived at Pea Ridge in the western part
of the county where they went for her
husband's health. She was married to
Jacob Brown in 1837 and they built a
log cabin in Cortland in which they
lived until April 18, 1889, where Mr.
Brown died of acute pneumonia. Since
that time she has lived with her
daughter, Mrs. E. J. Keen and her
nephew, E. B. Douglas. Aunt Letty
Ann has a large circle of personal
friends.

"Situation in Seymour."

In the current number of the
"Knights of Fidelity News," pub-
lished at Indianapolis, the following
comment relating to recent remon-
strances against the opening of new
saloons in Seymour is made:

"Within the past two months re-
monstrances have been successful four
times in this city, three times in the
Second ward and once in the Fourth.
In each instance the remonstrance was
against proposed new saloons and in
buildings not formerly used for saloon
business. In the meantime a number
of the present saloon men have had
their licenses renewed without molesta-
tion. The opposition is directed
against attempts to open new places
and not against the saloon men now
in business. There is, however, a
growing sentiment in this community
against the saloons which were origi-
nally established by certain brewer-
ies and are now run chiefly in their in-
terests, and it is questionable whether or
not any more such saloons can be
established here."

Dr. Coryell Won Second.

In the Enquirer's "Old Swimm-
in' Hole," prize contest, Dr. W. M. Cor-
yell won second prize. His picture of
the old swimmin' hole on Graham's
creek was really the best of the lot as
the picture reproduced in Sunday's
Enquirer with this comment indi-
cates:

"The picture submitted by W. M.
Coryell, of Seymour, Ind., was by all
odds the most beautiful photograph
entered in the contest, and had it so
well fulfilled the other conditions
would have been unanimously award-
ed first place. The picturesque spot
chosen by Mr. Coryell is on Graham
creek, two miles south of Crothers-
ville, Ind. Here following a narrow
and well-beaten trail winding down
the west bank, fern-fringed and cano-
pied over with the foliage of young
trees and wild grapevines, one emerges
upon a grassy glade, bordered on the
east side by the creek and a row of tall
trees and on the west by a vine-clad
hill richly set with wild rose blossoms.
It is an ideal spot for a dip in the cool
waters that go gliding on between
grassy banks to join the Muscatatuck
river."

Fortune Favors a Texan.

"Having distressing pains in head,
back and stomach, and being without
appetite, I began to use Dr. King's
New Life Pills," writes W. P. White-
head, of Kennedale, Tex., "and soon
felt like a new man." Infallible in
stomach and liver troubles. Only 25c
at W. F. Peter's Drug Co.

Liberty Belles.

Managers Rooney & Strauss in se-
curing "The Liberty Belles Co." for
this evening should be congratulated
upon their good judgment and per-
spective. The piece was one of the
unquestionable musical successes of
last year in the larger cities of the
East, Boston, Baltimore, Philadelphia
and New York and is repeating its
success everywhere. The company
presenting the piece here has been
carefully selected. Mr. Hennes-
sey, the manager, displaying unusual
good judgment in the matter.

A Parson's Noble Act.

"I want all the world to know,"
writes Rev. C. J. Buddlong, of Asha-
way, R. I., "what a thoroughly good
and reliable medicine I found in Elec-
tric Bitters. They cured me of jaundice
and liver troubles that had caused me
great suffering for many years. For a
genuine, all-around cure they excel
anything I ever saw." Electric Bitters
are the surprise of all for their won-
derful work in liver, kidneys and
stomach troubles. Don't fail to try
them. Only 50cts. Satisfaction is guar-
anteed by W. F. Peter's Drug Co.

Columbus Knights Templar.

A party of Columbus Knights Tem-
plar came down Sunday and were the
guests of Mr. and Mrs. C. B. Cole.
They took dinner at the New Lynn and
spent most of the afternoon at Mr.
and Mrs. Cole's home on North Wal-
nut street. In the party were Mr. and
Mrs. W. F. Coats, Mr. and Mrs. W.
F. Kendall, Mr. and Mrs. John Scott,
Mrs. R. M. Jackson, B. M. Hutchins,
H. W. Cook and John Jewell. Mr.
and Mrs. Cole were assisted in enter-
taining the company by Mr. and Mrs.
W. F. Peter, E. D. Brown and Carl
E. Wood.

Corporation Assessments Increased.

The state board of tax commission-
ers had added to the tax duplicate of
Indiana property assessments amount-
ing to \$7,769,778.27. The final report
of the state board has been completed
by Deputy Auditor Martin, who is sec-
retary of the board. He presents fig-
ures showing the total valuation of
property on which various classes of
corporations pay taxes to the state.
Naturally steam railroads pay the vast
bulk of the taxes, about five-sevenths
of the whole. Electric and street rail-
ways, telephone and transportation
and express companies are the other
classes of corporations upon which the
state board has returned figures.

Late Literary News.

It is risking something to ask the
public to place a piece of fiction along-
side of Poe's best work. The editor
of the Cosmopolitan ventures this in
the following note, which appears in
the September issue: "One does not
often find a story which seems to come
in the classification of Edgar Allan
Poe's best work. Yet one might be
tempted to ask such a place for 'The
Canonic Curse,' which Arthur E. Mc-
Farlane contributes to the Cosmopol-
itan for September.

Baptist Association.

The Brownstown Baptist Associa-
tion, to which the Seymour Baptist
church belongs, will meet in annual
session with the New Liberty church,
near Henryville, Wednesday and
Thursday of this week. Rev. W. C.
Martin and probably a dozen more
from Seymour will attend. Other Baptist
churches in the county will send
delegates.

Feet Swollen to Immense Size.

"I had kidney trouble so bad,"
says J. J. Cox, of Valley View, Ken-
tucky, "that I could not work; my
feet were swollen to immense size and
I was confined to my bed and phys-
icians were unable to give me any re-
lief. My doctor finally prescribed
Foley's Kidney Cure, which made a
well man of me." All druggists.

Liberty Belles.

"The Liberty Belles," is much
brighter, and contains more that is
original and really funny than al-
most any of the comic opera books
Mr. Smith has produced. The piece is
in three acts, the first showing the
dormitory of the young ladies' seminary
the second the cooking school of
"The Liberty Belles" and the third a
Florida hotel.

A Boy's Wild Ride For Life.

With family around expecting him
to die, and a son riding for life, 18
miles, to get Dr. King's New Discovery
for consumption, coughs and colds.
W. H. Brown, of Leesville, Ind., en-
dured death's agonies from asthma,
but this wonderful medicine gave in-
stant relief and soon cured him. He
writes: "I now sleep soundly every
night." Like marvelous cures of con-
sumption, pneumonia, bronchitis,
coughs, colds and grip prove its match-
less merit for all throat and lung
troubles. Guaranteed bottles 50c and
